Press Release: GSA Awards IT Schedule 70 to EM Key Solutions, Inc.

Date: February 27, 2019

ST. PETERSBURG, FL – EM Key Solutions (EMKS), a Service Disabled Veteran Owned Small Business (SDVOSB), dedicated to delivering high quality healthcare-based and other information technology solutions, announced today the award of the U.S. General Services Administration (GSA) Schedule 70 IT Services Contract with SINs in both the Information Technology (IT) Professional Services (SIN 132-51) and Health IT Services (SIN 132-56). This 5-year Federal Supply Contract (FSS) will enable EMKS to deliver a full range of IT solutions to the Department of Veterans Affairs, the Defense Health Agency, the Department of Health and Human Services and other clients throughout the Federal Government in a more timely and cost effective manner. In support of the Federal Government in adopting IT solutions, services and domain expertise, EMKS will partner with its departments and agencies to provide solutions in the areas of:

- Enterprise Performance Management and Engineering;
- Health IT Systems and Support;
- Healthcare Consulting;
- Business Transformation and Program Management;
- Cybersecurity; and
- Web and Application Development

“EMKS leadership is excited to have reached yet another milestone in our strategic growth plan,” said Mike Snyder, EMKS’ CEO. “Through this partnership with GSA, EMKS will continue to our ever-increasing presence in providing our clients with high-quality key solutions to their requirements.”

About EM Key Solutions

Founded in 2015, EM Key Solutions (EMKS) is a Service Disabled Veteran-Owned Small Business (SDVOSB) serving our country, our Veterans and Uniformed Services, and the federal market at large with mission-centric, cost-effective and innovative management consulting and healthcare systems solutions, one project at a time. EMKS is an IT solutions and management consulting services provider with exceptional record of experience and performance with core capabilities in Business Transformation and Collaboration, Health IT Systems Solutions and Integration, Performance Management and Engineering, and Cyber Security Services. EMKS delivers a customer-centric approach with proven management processes to each project they undertake. Through sound leadership and management principals, EMKS focuses on offering its clients the solutions they need to be successful throughout the project management lifecycle at the most competitive rates.
